| | 2 Head | White splash on flank |
| | 1 Head | White spot on Navel (Size of a 50c piece) |

| | |
|---|---|
| Assessor Comments | The Clarke family are fourth generation cattle producers in the Upper Murray and have been using select Reiland Angus genetics in their herd for the last 20+ years. Always selecting Bulls with desired traits, focusing on high growth, being 400 & 600 DW, & strong carcass qualities, particularly IMF & EMA. Out of a large framed herd of heavily classed cows, these young steers have good length, depth and width, with a good traditional Angus heads. Steers that have always been stood in the front lane at the Premier January Angus weaner sale, & have been purchased by repeat buyers & in-house clients for both the feedlot & export markets, always having excellent growth for age and hitting specs with ease. Ideal lot of steers that carry the genetics & reputation. |
