The heifers worked through the yards without needing to pushed forcefully. When removing a tail from the offering these youngsters handled well for young stock that have had limited experience in yards and were respectful of being blocked. 1 heifer was mildly agitated on the scale's but settled on being returned to the group.

Assessor Comments	Offering on behalf of Leslie Fowler of Violet Town, her annual draft of heifer weaner's with a small tail removed ensuring the best is on offer. These well presented young females would be a complement to the most astute herds, being long bodied, soft smooth coated feminine young matrons. From a self replacing herd of quality Angus cattle with gentle natures and large frames these heifers are offered with the utmost confidence they will fit into a breeding operation, could be targeted to feeder weights or taken on to heavy export bodies. Yard weaned, Grass Fed Only and Antibiotic Free. Please note the vendor has an offering of 20 steers in the sale also.
