	Stirry: 18 head Stirry: 24 head
	Frequent handling would settle the steers into a good group of young improver cattle.
Handled With	Vehicles

Assessor Comments	100 Watervalley Black Angus steers, Ex Mt Scott 302-387kg weight range, Ave 320 kg LW Curfewed. Presenting in fresh store condition coming through a dry autumn and winter fed on hay. They have a good medium frame in lighter condition that will gain weight quickly given good feed. Angus types, with the off types and lighter animals drafted out at assessment. Buyers should expect a small crossbred influence and hybrid vigour in a very small percentage. Approx. 5%, with minor ringworm. The Watervalley cattle are well known for their doing ability and will perform well for those buyers looking for improver cattle to add value to their purchases.
