Assessor Comments	Buyers, this is a great line of Angus & Droughtmaster heifers with great volume and type averaging 253kg. These heifers have great length of body with plenty of natural thickness and softness. Heifer's stand on very good bone with great spring of rib and femininity. Heifers we're very good to handle through yards. They are out of medium to larger frame Thornville Droughtmaster cows that are very quiet to handle by Banquet Angus sires and Rondel Droughtmaster sires. This is a nice line of heifers that would make great future breeders. Note vendor has steer line in same sale.
