| | Steers will respect and move off you in and around cattle yards though will fizz up if too much pressure is applied or lock off by themselves. Overall good to work in and around cattle yards. |

| Assessor Comments | Buyers on offer is 43 Angus X Angus feeder steers weighing 355 - 504kgs to ave 436kgs full on farm. Steers present in forward store condition and have been grazing improved pasture and doing very well and should continue to do so give the right opportunity. Steers were purchased out of the Armidale blue ribbon weaner sales and have grown out at Guyra NSW and have plenty of scope to be able to go onto grass or grain and grow out to export steers. Please note 1 steer has scurs look at photos as a reference point. |
