Assessor Comments: Very good quality line of Charolais X feeder steers, fresh in the coat, showing great frame and weight for age. These cattle have been extensively worked with horses, which is displayed in their handling and temperament. Steers present in fresh forward condition and would ideally suit a Bullock Fattener or Feedlot Operation. One steer displays some Speckle Park

	colourings, but he is not considered detrimental to this lot. These steers are all Vendor Bred and sired by Stud Charolais Bulls. Liveweight range at assessment 375 - 456kgs, to average 413kgs.
