| Assessor Comments      | Good line of Angus Heifers, 10-11 months of age, NSM and only being sold due to being Autum drop and out of sync with normal spring calving for vendor. These Calves are out of Hazeldean females by the Bongongo blood bulls. Heifers will grow out to be good future breeders and ideal fattening cattle. Please take note of temperament comments and aren't the usual temperament of vendor's herd, One heifer with cloudy eye. |
