Yard weaned steers that have had extensive education both in the paddock and through the yard complex. Good cattle to

	handle with only an odd steer getting agitated in crush. To be fair to the steers we did head bail every beast which explains an odd steer getting agitated but steers were very settled once back with their group. Can recommend their temperament.
Handled With	Bikes , On foot , Vehicles
Assessor Comments	Well bred steers bred out of large framed volume cows and presenting in fresh store condition with plenty of frame to pour the weight on given favourable feed conditions. EU Accredited if required, these boys should give ample compensatory weight gain for the successful purchaser and come with Never Ever Grassfed and/or PCAS accreditation. Noted performers over decades of quality breeding on Ardrossan and Injemira bloodlines, vendor is offering another lot of 28 Angus steers also in this sale. Note four red baldy steers in this lot.
