A pleasure to handle through the yards. Two heifers did become agitated in the crush. Yard weaned in October.

Assessor Comments	Angus heifer weaners 9-10 months, by Newnham Angus bulls, ex-large frame Angus cows from Tonga Station, and Kellybrook. No heifers are retained in the herd, a tail has been taken out of heifers. Yard weaned October, very quiet to handle, and well educated. Very attractive, well-bred line of heifers in fresh store condition. Ideal heifers to take on and join. The vendor has a line of steer weaners in the sale.
