Assessor Comments	Buyers a good line of young Angus Cows and Calves that were purchased to retain in a breeding herd and are only being offered due to loss of lease paddock. These Cows are very well bred, being originally bred in Southern parts of NSW from the Whittley family that are based on TeMania blood. Their Cow herd is known for their Cattle's marbling performance and fertility. These Cows are good genuine medium to large framed Cows that have been on hand for a number of days and present in store to forward store condition. These Cows have been through an AI program and have been joined to a $58,000 Milwillah sire and since have been running with two $10,000 Milwillah Bulls used for a mop up (please note have not been pregtested). These Cows are doing a great job on their Calves presenting in good fresh and sappy condition. A great opportunity to purchase a nice line of young Cows that aren't far away from having Calves ready to wean.
