Assessor Comments	A genuine line of 3-5 year old cows doing a great job on their calf, with calves averaging 170kg. The cows present in a forward condition and as expected with fresh calves at foot majority of the cows are young cows purchased ex auctions plus. This particular line of cows originated out of the New England and Dorrigo regions and consisted of Te Mania and Brooklana blood, calves have been sired by the Karoo bulls. Cows have also been running back to the same Karoo sire and are milking well and are all up to date with health treatments (2) Cows had a slight Blue eye in one side.
