Assessor Comments	Well framed, quiet, Registered Simmental Heifer doing a great job of her stretchy Angus bull calf at foot by Black Aqua Titanium T5 who is growing by the day weighing in at 283kg full at just 5 months old. Docile, easy going & callving down with ease, she would be a great addition to any herd commercially or stud, or be a great start for someone wanting to start out with a regeitered Simmental Heifer & bull calf ready to go. Fertile Heifer who is now back in calf to Traditional Simmental- Woonallee Secret Service S086 taking to her first AI, a great opportunity to purchase a 3 in1 package. Only being sold due to dry conditions & lack of feed for the summer ahead.
