Vendor Comments

Lovely Heifers & calves that are being offered up for sale through no fault of her own. A tough spring has left us needing to reduce stock numbers. Easy going Heifers that are excelling at being vealer mothers.

Assessor Comments	A small, but genuine quality trio of Autumn 2022 Simmental/F1 x Heifers by Stud Registered Simmental bull Strevan park Evan Amighty. Calved down with ease & doing a great job on their Angus calves at foot by Black Aqua Titanium T5, showing their true colours as vealer mothers. Calves are soft & sappy & well on their way to making great vealers averaging 226kg full at just 4-5months in a tough season. PTIC back to the same Angus bull Black Aqua Titanium T5, and taking to their first cycle, a great 3in1 package opportunity for the astute vealer producer. Only being sold due to dry conditions & lack of feed for the summer ahead.
