Temperament	

Yards	Crush	Paddock
Quiet: 19 head Slightly Stirry: 4 head	Quiet: 18 head Slightly Stirry: 5 head	Temperament not assessed in Paddock

Cows were well behaved throughout assessment, all leading up the race well and standing quietly in the yards after assessment. A few cows were a bit nervous in the crush (this was their second time through, as they were preg tested earlier in the day) Just doing a bit of rocking back & fourth, or showing anxiety about walking in to the crush. All led out into the paddock and walked down the fence line quietly, settling in the corner for photos.

	Traits
1 Head	Slight Blue Eye
10 Head	White Splash on Flank (Of total lot of 46 Head)

Assessor Comments: 60 Pure Rennylea Angus blood, young cows to be offered. Purchased direct A/c Breeder from Bolaro Station in the Monaro. These are Prime of their life 3 year olds with their second calf due in late February. These Cows represent a great example of the Rennylea genetics, being true to type, long, deep bodied breeders with soft, heavy skins & beautiful Angus heads. They have been easy, low maintenance, low cost cows over the trying seasonal conditions we've experienced, running on the side of a hill, with only basic native pastures, and easily carrying a 4 score condition. Cows that present a very good opportunity to secure a young, genetic rich breeder with that risk of maiden calving behind her. Buyers please Note. 60 head in total. 46 to be sold ROTG plus another smaller lot of 14.
