Assessor Comments	Renver Primary Production (Brougham Family) are offering 15 Angus PTIC Cows, on the doorstep of calving, presenting a great line of quality proven breeders in the prime of their lives, having successfully calved down and raised their 1st calf. Cows are Mandayen blood, and are 3.5yo. Cows will commence calving 15th FEB to 12th of April (8 weeks), and are PTIC to Angus bulls, Lawsons and Landfall. Vendor is shifting from Autumn calving to Spring Calving. A very neat line of 15 young females, which would suit replacements for an existing herd, or a smaller scale producer. Please note, vendor has 60 Angus cows (PTIC to their 3rd & 4th calf) in this same A+ sale.
