Assessor Comments	A line of well bred females that are medium to large framed with ample bone that should allow them to fill out into a moderate framed deep bodied female given feed and management. They have very fresh young calves at side that they are doing a great job with. A very productive young female with her life ahead of her with fresh calves that are enjoying the spoils of their dams milking ability. * Calves carry a management tag yet remain unmarked Note - The vendor has 2 lots of females with calves at foot on offer in this catalogue - total 32
