Assessor Comments	Buyers a top line of Shorthorn steer weaners averaging 329kg, offered a/c Royston Shorthorns. These steers are a very classy and even line, with only 39kg from lightest to heaviest! These steers are bred extremely well, with vendor sourcing genetics from leading Shorthorn studs around Australia. All the hard work has been done, with calves weaned at assessment and being very quiet and easy to handle. They are predominantly large in frame with length and depth of body, as well as plenty of shape, style and softness. These steers will continue to develop into well finished medium to heavyweight steers suitable for all grassfed programs being Greenhams NE acc., JBS FA and NG/NA Note: Vendor has one other line in this sale Note: Vendor is a co-director of Webb and Woodiwiss Livestock Marketing
