Handled With	Very easy cattle to handle in both yards and paddock. No cattle showed any vices at time of assessment . Bikes , Dogs , Low Stress Stock Handling© practices (Electric Fence) , On foot , Vehicles		
Assessor Comments	An attractive line of Angus / Friesian heifers future breeder heifers that will continue to grow into a great line of breeders going forward , alternatively these heifers will grow onto heavy processing cattle , this property now being accredited for Never Ever (Greenhams dairy beef) These heifers were a pleasure to handle in all aspects and be an asset to add into any herd. These heifers will be sold in runs of 20 & 1 x 12 total 92 in the run .100% weighed minimum 301kg full . 4 x groups of 20 offered in this sale . A great opportunity to secure females at very realistic \$\$ per hd rates and put away. These heifers are the first draft offered off this particular property .These cattle are adding weight quickly & have been doing 1kg per day weight gain over the last 8 weeks .Approx 8 heifers in this run showing some white markings . In this run of 80 heifers there are approx 9 showing some warts & 8 showing old pink eye scarring in one eye , neither affecting these cattle in any way .
