Assessor Comments	Buyers a tidy line of Angus/Santa cross weaner heifers that display ample softness, frame, depth and quality to grow into ideal future breeders or heavy feeders to meet domestic markets. These heifers are packed with leading genetic including U8J Angus, Dunlop Santa's & Strathmore Santa's. The Connolly cattle are generally sold as feeder weight cattle and receive strong support from repeat buyers as they perform very well on grass and grain. These heifers are freshly weaned and participated through the assessing process with minimal fuss. This is a lovely line of young heifers that will not disappoint. Please not 2 heifers with white underline makings. The vendor also has another line of weaners in the same sale.
