Assessor Comments	Buyers a tidy line of Angus/Santa cross weaner mickies that display great frame length and type that will see them be ideal to castrate and background out to trade or heavy feeders to meet domestic markets. These Weaners are packed with performance breeding from U8J Angus, Dunlop Santa & Strathmore Santa's. The Connolly cattle are generally sold as feeder weight cattle and receive strong support from repeat buyers as they perform very well on grass and grain. These mickies are freshly weaned and participated through the assessing process with minimal fuss. A great line of weaners that will not disappoint. Please not 2 heifers with white underline makings. The vendor also has another line of weaners in the same sale.
