Assessor Comments	A line of Vendor Bred Angus Steers, weighing from 334-468kg to average 367kg full with a projected delivery average of 349kg. The Steers are sired by a Tour of Duty Bloodline Angus Bull and out of Camrose Angus ex Stud cows. They were good to handle throughout the assessment with the Vendor priding himself on the temperament of his cattle. Coming out of a wet winter and a dry start to the spring the Steers look like they are really on the move now, and if given the opportunity they will grow into quality feeders. To assist with transport the Vendor will deliver to the Tenterfield Saleyards on Tuesday the 21st. Please note lighter brothers in the same sale.
