Assessor Comments	Buyers, to be offered for sale are 78 NSM Yearling Angus Heifers. Genuine 2 marks in these heifers. 50 Gilmandyke blood and 28 Milwillah Angus blood. These heifers were carefully selected and purchased with the intention of joining as an addition to the vendors breeding program, but due to season cutting out they have been offered back to the market. Well bred, good quality heifers displaying medium to large frames. These females have matured into ideal feminine breeders. September/October 2023 drop. They have not had an opportunity with a Bull. Heifers have a good quiet temperament and flow through the yards well. Average 407Kg at assessment. Vaccinated with Pestiguard amongst other health treatments. Very, very odd heifer with small white patch underneath bellies. Roomy females that would be a great addition to any breeding program or a ideal proposition to feed on. Take home to join or finish quickly into good quality kill cattle.
