Assessor Comments	Rennyalea Angus blood heifers which just had their first calf weaned and are PTE. In genuine store/ forward store condition having freshened up slightly since weaning and weighed 501kg (438-552kg) full at assessment. Sample mouthed with 5 x solid 2 tooth and 1 x breaking 4 tooth. Ideal to go onto feed or become excellent heavy grassfed kill heifers being Greenham Never Ever and Teys Grasslands accredited. Previous purchasers have always been very impressed with the performance of these Trewalla cattle - buy with confidence! Please note; vendor also has a total of 68 heifers & young cows being offered in today's sale in three lots providing the opportunity to put a B-Double together. Note; being young cows more suitable to fatten than breeders, and give buyers the opportunity to put lots together, these are being offered in the weaner & yearling sale rather than the eastern states cattle sale.
