Assessor Comments	Rennylea Angus blood young cows which just had their second calf weaned and are PTE. In genuine store condition having just weaned a calf and weighed 470kg (417-4520kg) after a 24 hour curfew at assessment. Sample mouthed with all being 6 teeth and no sign of eruption for the 4th incisor. Ideal for a quick trade on feed or in the paddock and will become excellent heavy grassfed kill cattle being Greenham Never Ever and Teys Grasslands accredited. Previous purchasers have always been very impressed with the performance of these Trewalla cattle - buy with confidence! Please note; vendor also has a total of 68 heifers & young cows being offered in today's sale in three lots providing the opportunity to put a B-Double together. Note; being young cows more suitable to fatten than breeders, and give buyers the opportunity to put lots together, these are being offered in the weaner & yearling sale rather than the eastern states cattle sale.
