Assessor Comments	Buyers on offer is a high quality line of Yavenvale blood backgrounder steers. Wirrani pastoral has been using Yavenvale genetics for a length of time now and selects sires for low birth and high growth. This line of steers are showing excellent bone and shape. Previous purchasers of these steers have noted there doing ability and being able to reach feeder weights or bullocks with ease. These cattle come highly recommended. Please note that these steers were assessed in two			

separate yards on the same property and will be delivered this way but being sold as one line. There is one steer showing a very slight blemish in one eye however it does not effect its sight. Please contact with any questions.
