Assessor Comments Acc: Orana Park Partnership. 33 Hereford Steers - 15-16 months. The annual draft of spring drop steers off Orana. Although the steers did it tough through last years autumn and winter, they are showing great depth and bone despite not having their usual weight as this time of year. The Malseed family purchase only the top end sires from Yarram Park & Glendan Park, spending up to $30,000 on herd bulls. All the work has been done to get these steers to 400kg. With outstanding temperament and all the breeding behind them, the above consignment would make a terrific addition to any feedlot and grow into tremendous bullocks!
