Assessor Comments	31 vendor bred Angus hfrs. They are a March / April drop and were weaned on the 8/1. All weighed from 232kg to 324kg to average 278kg full. They had a very tough start to life though the cows have done a great job and they look pretty fresh. They have been in the yards since weaning and are now in a small holding paddock next to the yards on hay and water. They handled very well through the yards and seem very calm. A tail was removed before assessing. No hfrs are being retained. Bred out of big frame Banquet and Western Vic bred cows and sired by Bushy Park bulls who have used a lot of Millamurrah semen.
