Assessor Comments	65 Angus & Angus Cross heifers Pregnancy Tested Empty weighing an Ave of 289.9kg LW. The heifers present as fresh stores being 1 year old coming through a dry winter and spring. They have come from numerous properties, depot at the one property and are now starting to go forward. They are black in the coat with 2 slight brindles, 5 with white bellies, 20 Angus type heifers The remaining cattle having tipped horns or scurs. They mainly show a soft British type with approx 3 heifers showing Bos Indicus characteristics. This line of heifers are an ideal backgrounder line of heifers offering a medium frame. The Watervalley cattle are well known for their doing ability and will perform well for those buyers with feed and wish to add value to their purchases.
