Assessor Comments	A good line of quality steers presenting in mainly fresh condition. They are Autumn 2024 drops, and have been yard weaned. There has been a tail drafted out of the line, leaving these as the top of the drop. They were very quiet and easy to handle. The majority of them walked onto the scales and stood quietly while being weighed. The vendor has made a point of handling them regularly throughout the weaning period. They will present in store to forward store condition, being of good medium frame, with the Simmy influence showing in the back end. The very odd steer has a splash of white underbelly, with the balance being completely black. The vendor also has a line of 26 heifers in the same sale.
