Assessor Comments	A very tidy line of Simm/Angus x heifers which are fresh and shiny in appearance. They will make an ideal line of future breeders. They are March/April 2024 drops, and are the top draft of a complete age drop. The lighter tail has been taken out of the line. Their sires are 75% Angus/25%black Simmy, and 50/50% Angus/Black Simmy, over Angus cows. They are very quiet and easy to handle , having been managed extensively during the yard weaning process. They will present in store to forward store condition, being of good medium to large frame. A couple of these heifers have a splash of white underbelly, with the balance being pure black in appearance. The vendor also has a line of 22 steers in the same sale. Put a semi together with both lines.
