Assessor Comments	Very good line of 2.5 year old ONE MARK Hazeldean blood Angus heifers and calves presenting in forward condition. These heifers have their first calf at foot which are sired by Royden Angus bulls that are selected for low birth weight, early growth and sound structure. Heifers are milking well and doing a great job on their calves and have a fantastic temperament moving quietly around the yard during assessment process Heifers are NSM and in perfect condition to re join to bull of choice
