Assessor Comments	Buyers, on offer is a line of 29x29 good to very good quality Angus cows. Cows weighed 420 - 640 to average 526Kg. Bald Blair blood calves at foot to average 115Kg. Cows currently have their third calf at foot and have been running with a Bridgewater Angus bull since the 12th of January. These females all display feminine phenotype and would be a great asset to any self replacing herd. Medium to Large frame presenting in forward store condition and doing a great job on a sappy calf. A very reluctant sale by the vendor only being offered due to the sale of the property. For further information please call.
