Assessor Comments	64 GQ PTE Vendor Bred Crossbred Heifers. Majority Exhibit Good Bone, Length, Depth and Frame for their age. Ideal Heifers to finish off on grain or crop for the Supermarket Trade or Heavy Export Markets, with the pick suitable to retain for Breeders. They have good feet, are very quiet & majority are tidy around the head. They are late branded No.3's (calendar branded as calves) with 3 x head of the early No.3 branded Heifers mouthed with milk teeth. I would be confident they are all milk teeth. They were 100% weighed & assessed after 14 hours off water & 20 hours off feed. They were all PTE by assessor at assessment & there are 5 x Brindle coloured Heifers in the mob. Llewellyn is Prickly Acacia Free & Heifers are PCAS Eligible. Please note delivery timeframe with possible wet weather next week. *There is 1 x Grey Composite Heifer in photos & video that will be removed at delivery.*
