These steers were excellent to work through the yards at assessment, with only the odd steer becoming agitated in crush while weighing. Very easy to handle as a mob.

Handled With: Bikes , Dogs , Horses , On foot , Vehicles

Assessor Comments: (60) Good quality backgrounder steers being offered best described as euro cross types that will suit a number of domestic markets as well as export feeder markets. In my opinion these steers are still "on the do" and will continue to offer good gains shown fresh pasture or grain. Steers present in a healthy store to forward store condition, HGP free, show good frame and weight for age, quiet and well handled.
