Assessor Comments	(56) Euro type crossbred heifers presenting in a good healthy store condition. Ideal heifers to feed for suitable domestic markets or background to heavier export weights. Due to the frame and condition of these heifers, I believe they will offer considerable compensatory gains on either grain or fresh pastures. Bred from a highly fertile medium to large frame Brahman and Brahman cross herd with the high content heifers removed from the draft at assessment. Vendor will offer 2 lots in this sale. Please note - Delivery from the 5th.
