Temperament	Yards	Crush	Paddock
	Quiet: 74 head Slightly Stirry: 5 head	Quiet: 75 head Slightly Stirry: 4 head	Temperament not assessed in Paddock
	These heifers are generally quiet to handle and required little slowing through the yard. They worked through the race and crush easily and stood well during processing. A small number became a little agitated in the weigh box but settled quickly once back with the mob. Although these heifers are reasonably quiet it is recommended that they be given time to adjust to their new surroundings before being bushed.
