Assessor Comments	Opportunity knocks. A good opportunity to purchase a line of well bred Angus heifers by Clunie Range Angus bloodlines. EU accredited.Heifers present in very healthy fresh store condition. These heifers would be an asset to any breeding operation. Vendor only kept 27 heifers out of the complete drop. These heifers show good length and depth for their age and will grow out into great maternal females if given the opportunity to do so. These are the lightest and youngest of the drop.These calves are being sold approx 3 months earlier than usual due to dry seasonal conditions. Please note, Vendor also has 3 other lots in the same sale. Grass fed declaration available
