Assessor Comments	A BDouble of very good quality Wagyu/Angus feeders. Steers and Heifers are very forward and have been doing extremely well since the feed has hardened up. These cattle are out of large framed cows and will grow to domestic and export weights if given the chance. All have all had their first shot of Bovillis MH + IBR so are ready to go onto feed if desired. This lot are Longford Wagyu blood out of Millah Murrah blood cows (Bull details attached). Not often F1 feeders of this quality are offered onto the open market. PLease note: All heifers were preg tested empty for buyer satisfaction by Young Vets (Cert Available)												
Assessor	Damien Roach (Level 1 Accredited) Phone: 0427 253 250
