These heifers were a real pleasure to handle through the yards while being weighed, drafted and filmed. 2hd exited the crush a little faster than the others, nothing much at all, just a little different to their mates. 2hd heifers pushed through the mob slightly compared to the others in the yards while being filmed. Temperament a credit to the vendor.

Assessor Comments A great opportunity to purchase a large line of well bred, quiet, vendor bred Angus heifers .(NOTE - 14hd are not Vendor bred in the lot of 166hd being offered as two lots of 83hd - sold as a run out the gate) These heifers were extremely quiet to handle while being assessed. Bred to perform, these heifers are out of a Rennylea / Glenruben blood cow herd, by Rennylea Angus bulls - Only Rennylea bulls have been purchased over the last 5yrs. Vendor classed these heifers in but are now surplus to requirements as PTE. These heifers are well bred and would be a good addition to anyones breeding herd or will grow out to good kill cattle given the opportunity. NOTE - A good % of heifers have some warts on their necks and face. NOTE - the eyes are small old scars not detrimental to their health, please refer to photos. * Please NOTE these are being sold as a run out the gate over two lots of 83hd in this sale * Vendor has another lot of 13hd - sisters to these in this sale.
