Assessor Comments	Tidy line of vendor bred steers. All bred out true to type Shorthorn cows. These steers stand up with plenty of frame and potential to grow out to feeder or export weights, they have been known to performed well on the feed in the past. Weaned since the 6th of December and handled the process very well and were easy to work with in the yards, at assessment they were 12 hours off feed and averaged 324kg. Please note 1 steer has some scarring on eye. Grass fed & antibiotic free
