Steers are generally good to handle but sometimes display a little bit of run. Steers have been well handled since weaning and have settled nicely. Approximately 2 noted as stirry, but in the main cattle are okay to handle. Approx 2 head were noted to be quick into crush and were keen to move out.

Assessor Comments

Excellent quality draft of vendor bred EU Poll Hereford steers. The Morgan cattle are impeccably bred, renowned

performance cattle, with no expense spared on genetics sourced from Morganvale, Days & Allendale with focus on above average growth and positive fats. Steers present in principally forward store condition, with shape and bone. Beautifully presented steers, nicely marked and predominantly deep cherry coloured, a terrific chance to acquire very well bred Poll Hereford steers with the breeding and capacity to finish on grain or grass to heavy export weights. Bred to perform. (NOTE: vendor offers 105 head total this sale, over three drafts).
