| Assessor Comments                     | 110 Watervalley Angus steers to Ave 255.2kg LW Curfewed. This line of Angus steers are individually weighed presenting in fresh store condition, supporting a medium frame capable of fast weight gains given opportunity. A run out of the gate from 170 steers in the line. This particular run of cattle have been subjected to drier conditions although show good confirmation and evenness in their type. Watervalley cattle are well known for their doing ability and will perform well for those buyers looking for improver cattle to add value to their purchases. |
