	Very good to handle in and around the yards - the cattle have been very well educated and are of a placid nature with very minimal disruption or fuss when weighing, quiet to walk among when taking photos with a normal flight zone. Very little anxiety or stress observed when getting between mum and baby - The odd cow a bit eager to find their calf however not aggressive . The calves on their own are also very placid and content - easy to handle and quiet.

Assessor Comments	Santa , Angus/Santa & Santa cross young cows 2 - 6 years, very large frame, the majority - 90% are #0's & #1's (4 & 5 years) with 113 calves at foot & the bal calfy. By Bullamakinka Santa Bulls & Banquet Angus Bulls. A unique opportunity to purchase to quality replacement young classed cows from a noted performing large herd of top quality cows. The season is deteriorating and a difficult decision made to part with the total herd - this is stage 1 of 3. Very placid to handle, clean and tidy heads. Calves tagged not branded. Highly recommended. A sample of calves were weighed individually to establish the range and the balance bulk weighed (109 of 113) with the exception of 4 newborn.
