Assessor Comments	Buyers a great opportunity to secure a 4 deck line of Good Quality young to mid aged crossbred Cows and calves. Calves are all GAP USDA NOP Organic certified .Cows purchased from North West Queensland (predominately Mt Emu Pastoral) in 2023 with calves by Fairview Black Simmental and Angus composite bulls. These cows predominately show the Quality bone and length , and depth of breeding to be an asset to most herds as they have plenty of their life in front of them and are doing a great job on their calves in trying conditions. Please note 2 cows have capped hip, 1 cow has old blight scarring in one eye, several show old fly rub marks and 1 calf having enlarged navel none of the above considered detrimental
