Assessor Comments	A glorious line of 10 preg tested in calf Droughtmaster heifers, vet preg tested in calf to a Droughtmaster bull. The temperament on these heifers is second to none as they have been continually worked with horses, dogs and have been fed by the vendor out of the hands many times. All heifers year branded number 3 are on their first calf and would be perfect for any operation, large or small and are sure to not only impress the successful buyer but improve on any existing breeding herd. Please look at all videos and pics to show the true quietness of the heifers. Cattle have been assessed at Silverdale Saleyards and remain there on hay as the vendor does not the the best yard set up. Buyers please note all clearing fees are up to the buyer.
