Notable Traits	Traits 1 Head One calf had a weeping eye.		
Assessor Comments	Offering 12 x 12 first calf heifers with Angus and limousin cross calves at foot. These units are docile to handle. They are incredibly quiet and were very easy to draft and assess in portable yards. Truly a feature of this line. It is evident they have been loved. They are lighter in condition due to having their first calf on them and due to the tighter season but they are doing a job on the calves. Of the heifers 11 head are vendor bred being M and G Speckle Park blood and one Angus heifer purchased in. 10 calves were sired by a Rennyalea Angus bull with the other 2 being the offspring of a black limo. These units will respond quickly to a change in feed and have plenty of upside. The mothers have their whole productive life ahead of them and with all of the hard work done they are now proven breeders. Ideal for anyone looking for a line of heifers and calves with some available feed or for someone who would like to complete a trade as these can only go one way.
