Assessor Comments	Offering the winter calving group off Barrabooka due to the sale of the property. This particular line of cows were purchased direct the Kenny's Creek Angus stud. They were purchased in 2022 as 3 in 1 units. They are large framed, big boned, deep bodied cows with presence. At assessment they weighed 630-814kg to average 688kg. They were selectively joined to Hazeldean Q530 based on the breeding program and are PTIC for a winter calving. They were joined for 44 days. They are "P" 2018 drop and rising 7 years of age. They are at their peak of production and have again produced top quality calves this year. Their unweaned calves are being offered in today's sale also and if you are looking for top quality future breeders they are worth a look. Coordinating delivery will be appreciated. These proven breeders offer the successful purchaser the opportunity to secure some top quality genetics. Please note their calves and the autumn drop weaners are also being offered in today's weaner sale.
