Assessor Comments	Offered by Max Fry of Warrenbayne these 9 young PTIC cows are a due to have their 2nd calf just around the corner for an early Autumn drop Limousin calf sired by the Mistletoe bulls. These medium to large farmed cows have proven themselves having just weaned off their first calves selling for an average of over \$1,300 showing that under the right management these young matrons can be profitable cows. Part of an annual offering that Max proudly presents each year an opportunity to add to a herd of F1 cows that are honest, hard working cows with a lifetime ahead of them. Please note there is another draft of 9 PTIC cows, plus 2 additional lots of PTIC F1 heifers on offer in the same sale.
