Assessor Comments	A great opportunity to purchase an outstanding line of PTIC Angus heifers with calves at foot. These heifers are Hazeldean & Alpine Angus blood, bred by R & B Surtees, Corryong. At assessment the heifers presented in strong forward store condition with plenty of length & depth of body. For first time mothers these heifers are doing a great job with their calves showing good milk & mothering instincts. Calves averaged 241kg at assessment. Heifers have been Pregnancy tested back in calf to Rennylea bulls, with only one head being not detectable, but bulls still in.
