	Heifers slightly agitated by the process and have been through the yards many a time with AI program and health treatments. Also keep in mind they're heavily pregnant and uncomfortable. Still handle well and are good cattle to handle.		
Handled With	Bikes , Dogs , Vehicles		
Assessor Comments	An even line of Angus Heifers that have been specifically purchased with the option to keep or to sell. These are the tops that are the heifers with plenty of stretch and lengthe and are larger framed cattle. They have still got plenty of depth and body and are in terrific order given the season. All credit to the breeders of the Heifers (D & G Lucas - Pathfinder Blood & M & T Parker - Banquet Blood). Heifers are good to handle and haven't been a problem since arrival. They don't disappoint more than welcome for an inspection if need be.
